Dear PBCC Foundation and Donors,

I Cesar Coello would like to thank you for selecting me to receive the PSA Constructors, Inc. Scholarship. Also, I would like to thank the individuals and organizations in our community, who made it possible through their contributions to the scholarship committee. I am very pleased beyond measure to be one of the students chosen among many others worthy enough to receive this award.

I am thankful to be given the opportunity to receive such an award that would help me meet any financial requirements needed. This scholarship would not only allow me to pursue my goals in life, but also motivate me to continue fighting my way through the struggle. The committee has provided many other students in my situation with the same opportunity, and because of the help they received from this organization they were able to pursue their goals and succeed.

Once again, I am pleased and very thankful for such an opportunity, in addition to being recognized as one of this country's future Engineer, and its all made possible by the PBCC Foundation and its Donors.

Sincerely,

Cesar E Coello
